Subject: Ad-hoc Sub- committee - Energy Extraction

Hi all. I am somewhat guessing that you all are the appropriate contacts to handle energy extraction issues including fracking.

Ex. 5 - Deliberative

We are including a couple of Regional Superfund Division Directors on our group including Ron Borsellino in R3 and we will announce the second as soon as we have confirmation of availability. There is an Agency senior leadership Steering Committee being established that is being chaired by Mathy, and will include other AA and Regional representation as designated by the Administrator.

If you are not the correct contact for our sub committee, please give me another name. Some of your offices have been participating in {

}These calls will continue.

We are having a kick off call with all of our Regional Superfund Div Directors, really to solicit some initial ideas and thoughts, on May 30 at 2pm, which you can attend, but its optional.

Please confirm receipt of this email and your participation and we will start scoping out next steps.

Thank you,
Dana T.
